8.30 AM to 9.25 AM

Intraoperative challenges in MSICS , and how to overcome them consistently

Dr.Ashish kuruvilla

1. Scleral tunnel related challenges	Dr.Aaditya Ganesh Joshi	8 - Mins
2. Intraoperative small pupils	Dr.Jacob Koshy	8 - Mins
3. Argentine flag sign and anterior capsular tears	Dr.Leena Mariyam Varghese	8 - Mins
4. Corneal haze and intraoperative hyphema	Dr.Ashish Kuruvilla	8 - Mins
5. Posterior Capsular Rent and Vitreous Prolapse	Dr.Jacob Koshy	8 - Mins
6. 3 D : Dislocated, Decentered, Dangling IOLs	Dr Mohan Rajan	10 - Mins

Panel Discussion : 5 - Mins

9.30 AM to 10.25 AM

What is new in paediatric ophthalmology

Dr.Sahasranamam V

1. What is new in Paediatric ophthalmology- An overview	Dr.Sahasranamam V	7 - Mins
2. Newer methods of vision screening in preschool children	Dr.Chaithanya R Warrier	8 - Mins
3. What is new in Amblyopia treatment	Dr.Resmi Bhaskar	8 - Mins
4. Low dose atropine for myopia control- where do we stand	Dr.Sumitha Agarkar	8 - Mins
5. Myopia control glasses- How effective are they?	Dr.Sumitha Agarkar	15 - Mins

Panel Discussion :- (9 - Mins)

Notes:

10.30 AM to 11.25 AM

Cataract Special Program

Dr Arup Chakrabarti/Dr Sai Kumar

1. Online IOL power calculation is the here to stay	Dr Arup Chakrabarti	8 Mins
2. Catch the runaway rhexis	Dr Sai Kumar	8 Mins
3. Tips to master using Bhex ring	Dr Minu M Mathen	8 Mins
4. Management of Soft Cataract – Different Strokes	Dr Ramamoorthy	8 Mins
5. IOL Scaffold : The Saviour	Dr Mohan Rajan	8 Mins
6. Choosing an IOL for a child – It's not a child play	Prof. Vinita Gupta	8 Mins

Panel Discussion- 7 Mts

11.30 AM to 12.25 PM

3 Pearls for Retina Practice. Learn from Masters

Moderator Dr Mahesh G
Panelists: Dr A Giridhar, Dr MeenaChakrabarti, Dr Thomas Cherian, DrGopal S Pillai, Dr BijuRaju, Dr Prakash VS, Dr Ashok Nataraj

3 Pearls for DME management	Dr MeenaChakrabarti	6 Mins
3 Pearls for management of PCV	Dr A Giridhar	6 Mins
3 Legal pearls for retina practice	Dr Ashok Nataraj	6 Mins
3 Pearls for when you encounter an endophthalmitis case	Dr Prakash VS	6 Mins
3 Pearls in communication skills in retina practice	Dr Thomas Cherian	6 Mins
3 Pearls in intravitreal injections	Dr Gopal S Pillai	6 Mins
3 Pearls in OCT interpretation	Dr BijuRaju	6 Mins

Panel Discussion 13 Mts

12.30 PM to 1.25 PM

Post trabeculectomy problems- there is always a second chance

Dr.Thomas George T

1. Shallow Anterior chamber with low IOP: common causes and management protocols	Prof.Andrew Braganza	10 -Mins
2. Shallow Anterior chamber with High IOP : common causes and management protocols	Dr.Saikumar S J	9 - Mins
3. Early failing Bleb: Strategies to salvage	Dr.Thomas George T	9 - Mins
4. Late failing Bleb: Which is better –Go for a repeat trab or tube?	Dr.Kiran Gopalakrishnan	9 - Mins
5. Bleb Related Infections: Tackling the nemesis	Dr.Manoj S	10 -Mins

Panel Discussion :- (8 - Mins)

1.25 PM to 2 PM Lunch break

2 PM to 2.55 PM

Challenges in congenital cataract and reflective insights

Dr.Leila Mohan

1. Systemic and Ocular Associations in congenital cataract	Dr.Soumya Nambiar	8 - Mins
2. Genetics in congenital cataract	Dr.Leila Mohan	8 - Mins
3. Challenges in IOL power calculation in congenital cataract	Dr.Satish Thomas	8 - Mins
4. Management of Strabismus after congenital cataract surgery	Dr.Meena Ck	8 - Mins
5. Challenges in diagnosing and managing glaucoma after congenital cataract surgery	Dr.Kalpana Narendran	8 - Mins
6. Visual Rehabilitation after congenital cataract surgery	Dr.Elizabeth Joseph	8 - Mins
Panel Discussion :- (7 - Mins)		

3 PM to 3.55 PM

What next? - dilemmas and difficulties during cataract surgery

Dr.Minu M Mathen

1. The nucleus doesn't crack (soft/hard)- what next?	Dr.Minu M Mathen	10 - Mins
2. The zonules are weak/ broken- What next?	Dr.Sudeep Das	10 - Mins
3. Open posterior capsule- what next?	Dr.Chitra Ramamurthy	10 - Mins
4. The IOL is unstable- what next?	Dr.Mathew Kurian Kummelil	10 - Mins
5. Unable to proceed with phaco- What next?	Dr.Sunil Thangaraj	10 - Mins
Panel Discussion :- (5 - Mins)		

Notes:

8.30 AM to 9.25 AM

Glaucoma management- the decision making

Dr.Roshini K R

1. Medical management of glaucoma- The Choice	Dr.Roshini K R	10 Mins
2. YAG PI in glaucoma – When to decide	Dr.Litta George	10 Mins
3. Glaucoma surgeries - Decision making	Dr.Manoj Prathapan	10 Mins
4. Normal Tension Glaucoma- Decision on investigations, management and follow up.	Dr.Ronnie George	20 Mins

Panel Discussion :- (5 - Mins)

9.30 AM to 10.25 AM

An insight for better sight: eyebanking

DR.HILDA K NIXON

1. Remembrance and to remember (Historical Perspective and Eyebank Organisation)	Dr.Hilda K Nixon	10 - Mins
2. Death to deathless (Tissue Retrieval)	Dr.Vinay S Pillai	10 - Mins
3. A gateway ticket : (Cornea Tissue Slitlamp and Specular Evaluation)	Dr.David Pudukadan	10 - Mins
4. Path to eternity : (Quality Analysis and Distribution)	Dr.Aneeta Jabbar M	10 - Mins
5. Beat the defeat : (Conquering the Challenges of Eyebanking)	Dr.Anil Radhakrishnan	10 - Mins
Panel Discussion :- (5 - Mins)		

10.30 AM to 11.25 AM

Update- The smart india study -take home points and practical implications.

Dr.Sheena Liz Mani

1. Smart India-Protocol and Study Design	**Dr.Juhy Cherian**
2. National prevalance of DR and blindness in known & unknown diabetes and economic implications	**Dr Mahesh G**
3. Burden of undiagnosed and sub-optimally controlled diabetes across India	**Dr. R Rajalaksmi**

4. Sight-threatening DR and the need for risk based stratified screening. Do blood tests help?	**Dr.Thomas Cherian**
5. Artificial Intelligence in diabetic retinopathy screening and diagnosis	**Dr.Sheena Liz Mani**
6. Take home points	**Dr.R Rajalaksmi**
Panel Discussion :- (7 - Mins)	

11.30 AM to 12.25 PM

Oculoplasty video assisted skill transfer course from lid to socket.

Dr.Dona Ann Mathew

1. Lid and canalicular tear repair	Dr.V Anju Chandran Dup	8 - Mins
2. Socket Reconstruction	Dr.Ani Sreedhar	8 - Mins
3. Eviseration - How to do it right	Dr.Aparna K S	8 - Mins
4. Minor Lid Procedures	Dr.Ann J K	8 - Mins
5. Conjunctival tumors management	Dr.Fairooz Puthiyapurayil Manjandavida	10 - Mins
Panel Discussion :- (13 - Mins)		

12.30 PM to 1.25 PM

Clinical approach to optic neuropathy

Dr.Soumya Nambiar

1. Optic Neuritis	Dr.Remya Edachery	8 - Mins
2. Ischemic Optic Neuropathy	Dr.Ganadin Ajoy	8 - Mins
3. Compressive Optic Neuropathy	Dr.Soumya Nambiar	8 - Mins
4. Hereditary Optic neuropathies	Dr.Leila Mohan	8 - Mins
5. Toxic Optic neuropathy	Dr.Dahlia Krishnan	8 - Mins
6. Traumatic Optic Neuropathy	Dr.Anitha Prabhakaran	8 - Mins
Panel Discussion :- (7 - Mins)		

1.25 PM to 2 PM Lunch Break

2 PM to 2.55 PM

Halting the progression-Comprehensive assessment of detection and management of glaucoma progression

Dr.Manju M

1. Importance of optic nerve head analysis in detecting glaucoma progression	Dr.Rinu	13 - Mins
2. Role of OCT in detecting glaucoma progression	Dr.Swetha K	13 - Mins
3. Visual field analysis to detect glaucoma progression- Guided progression analysis	Dr.Manju M	13 - Mins
4. Management of glaucoma progression	Dr.Manju Anup	14 - Mins
Panel Discussion :- (2 - Mins)		

3 PM to 3.55 PM

Significance of retinal optical coherence tomography imaging biomarkers

Dr.Basil George P

1. OCT Biomarkers in age related macular degeneration	Dr.Menon Rahul Radhakrishnan	7 - Mins
2. OCT in pachychoroid spectrum disorders	Dr.Basil George P	7 - Mins
3. OCT Biomarkers in diabetic macular oedema	Dr.Prithvi Chandrakanth	7 - Mins
4. OCT Biomarkers In Vitreomacular Interface Disorders	Dr.Shishir Verghese	7 - Mins
5. OCT Biomarkers In Posterior Uveitis	Dr.Reesha K R	7 - Mins
Panel Discussion :- (20 - Mins)		

Notes:

4 PM to 4.55 PM

Primary Angle Closure Disease - what we would like to know …

Dr.Meena Nair

1. Primary angle closure glaucoma (PACG) Nomenclature related controversies	Dr.Meena Nair	6 - Mins
2. Diagnostics aiding PACG diagnosis - an overview	Dr.Swetha K	6 - Mins
3. Challenging angle closure disease presentations	Dr.Dr.Manju R. Pillai	12 - Mins
4. Surgery in angle closure disease - when to do and which one (Trabeculectomy Versus combined Trab + cataract)	Dr.Ronnie George	12 - Mins
5. MIGS in primary angle closure disease	Dr.Ganesh V Raman	12 - Mins
Panel Discussion :- (7 - Mins)		

Notes:

8.30 AM to 9.25 AM

Ocular trauma - Special scenarios

Dr.Kalaimathi G S

1. Traumatic Retrobulbar Haemorrhage, Intraorbital Foreign body and Animal Bites.	Dr.Yasar Safar	12 - Mins
2. Fire cracker injuries and Occult Globe Rupture	Dr.Kalaimathi G S	12 - Mins
3. Traumatic Lens Injuries- how and when to intervene	Dr.Sara Jacob	12 - Mins
4. Intra Ocular Foreign Bodies	Dr.Indu V P	12 - Mins
Panel Discussion :- (7 - Mins)		

9.30 AM to 10.25 AM

Dacryology an overview

Dr.Ann J K

1. How to approach a patient with watering?	Dr.Indu B Narayanan	10 - Mins
2. External DCR - Tips and Tricks	Dr.Dona Ann Mathew	10 - Mins
3. Failed DCR - what next?	Dr.Marian Pauly	10 - Mins
4. Beware of masquerades	Dr.Ann J K	10 - Mins
5. “Endoscopic revolution in Dacryology”	Dr.Varsha	10 - Mins
Panel Discussion :- (5 - Mins)		

Notes:

10.30 AM to 11.25 AM

Amazing neuro ophthalmology - diversity,equity and inclusion

Dr.Gemini Isac

1. Amazing neuro ophthalmology	Dr.Vidhyadharani D.M	10 - Mins
2. OCT in neuro ophthalmology	Dr.Sreelekha Sreedhara Kurup	7 - Mins
3. Emergencies in neuro ophthalmology - you should not miss.	Dr.Sreelekha Sreedhara Kurup	7 - Mins
4. What is new in neuro ophthalmology	Dr.Gemini Isac	7 - Mins
5. Breaking the myths in neuro ophthalmology	Dr.Gemini Isac	7 - Mins
Panel Discussion :- (17 - Mins)		

11.30 AM to 12.25 PM

Dilemmas in glaucoma management

Dr.Kiran Gopalakrishnan

1. Laser Peripheral iridotomy or not – Primary Angle Closure Suspect.	Dr.Thomas George T	10 - Mins
2. Laser peripheral iridotomy vs Lens Extraction- Primary Angle Closure/Primary Angle Closure Glaucoma.	Dr.Manju Anup	10 - Mins
3. Phaco vs Phacotrabeculectomy - Glaucoma with cataract.	Dr.Kiran Gopalakrishnan	10 - Mins
4. Medical Management vs SLT- Newly diagnosed POAG.	Mr.Aby Jacob	10 - Mins
5. Tube vs Trab - Primary Glaucoma.	Dr.Bindu S Ajith	10 - Mins
Panel Discussion :- (5 - Mins)		

Notes:

12.30 PM to 1.25 PM

How do they see the world?

Dr.Geetha V K P

1. Does this child have CVI?	Dr.Mallika Harikrishnan	10 - Mins
2. High Functioning CVI and Learning Disability	Dr.Geetha V K P	12 - Mins
3. Our CVI clinic experience and some clinical scenerios	Dr.Sujatha Nambudiri	10 - Mins
4. Strategies of Habilitation in CVI children	Mrs.Mrs. M.Jeeva	10 - Mins
5. CVI and educational implications	Dr. Sini Regi Thomas	10 - Mins
Panel Discussion :- (3 - Mins)		

1.25 PM to 2 PM Lunch Break

2 PM to 2.55 PM

A riddle in an enigma- uveitis decoded

Dr.Rajashree Nambiar

1. Double trouble with Dicey Bacillus	Dr.Dahlia Krishnan	10 - Mins
2. A Case with a Mysterious Bulge	Dr.Rajashree Nambiar	10 - Mins
3. A Relentless case of posterior uveitis	Dr.Neethu Latiff	10 - Mins
4. Beyond the eye- Visions Blight and Mothers Plight	Dr.Anju Kuriakose	10 - Mins
5. Key note address- updates in the management of Uveitis	Dr. ParthopratimDuttaMajumdar	13 - Mins
Panel Discussion – 2 Mins		

Notes:

3 PM to 3.55 PM

Recent advances in ocular malignancies

Dr.Padmaja Krishnan

Topic	Co-instructor	Duration
1. Retinoblastoma: Diagnosis, treatment and long term outcomes	Dr.Fairooz Puthiyapurayil Manjandavida	10 - Mins
2. Ocular Surface Squamous Neoplasia: Clinical diagnosis and management	Dr.Vijayalakshmi M S	10 - Mins
3. Intraocular lymphoma: Challenges in diagnosis and management	Dr.Prakash V S	10 - Mins
4. Metastatic Ocular Tumours: incidence, pattern of spread and treatment strategies	Dr.Divya Mohanchandran Nair	10 - Mins
5. Genetic testing in Ocular Malignancies: implications for diagnosis and management	Dr.Sharika	10 - Mins
Panel Discussion :- (5 - Mins)		

4 PM to 4.55 PM

Clinical approach to iop elevations following ocular trauma and surgery

Dr.Kiran Balagopal

Topic	**Co-instructor**	**Duration**
1. Glaucoma after surgical and nonsurgical globe trauma- an overview	Dr.Mini Anil	12 - Mins
2. Glaucoma after closed globe injury- evaluation and medical management	Dr.Veena Viswam	12 - Mins
3. Management of IOP elevation after ocular surgeries (other than Glaucoma surgery)	Dr.Kiran Balagopal	12 - Mins
4. Surgical management of secondary Glaucoma Post trauma	Dr.Neethu Mohan	12 - Mins
Panel Discussion :- (7 - Mins)		

Notes:

8.30 AM to 9.25 AM

Challenges in uveitis

Dr.Neethu Latiff

1. Challenges in clinical diagnosis of uveitis 5 scenarios	Dr.Reesha K R	8 - Mins
2. Challenges in laboratory diagnosis of uveitis	Dr.Parthopratim Dutta Majumder	10 - Mins
3. Challenges in imaging in uveitis	Dr.Lekha T	8 - Mins
4. Challenges in uveitis: Over lappers, Combined Troublers	Dr.Parthopratim Dutta Majumder	10 - Mins
5. Challenges in Treatment of uveitis: 5 common scenarios	Dr.Neethu Latiff	8 - Mins
Panel Discussion :- (11 - Mins)		

9.30 AM to 10.25 AM

Ocular tuberculosis - a closer look into an increasing reality

Dr.Jyothi P T

1. Introduction to ocular tuberculosis	Dr.Jyothi Pt	5 - Mins
2. Typical and atypical phenotypes of ocular tuberculosis	Dr.Sithara T K	13 - Mins
3. Diagnostic challenges and approach to ocular tuberculosis	Dr.Rajani Nair	12 - Mins
4. Current practice in the management of ocular tuberculosis	Dr.Sandhya Somasundaran	10 - Mins
5. Ocular toxicity with ATT- Are we missing the timely detection?	Dr.Aishwarya	10 - Mins
Panel Discussion :- (5- Mins)		

Notes:

10.30 AM to 11.25 AM

Common interdisciplinary referrals to ophthalmologists

Dr.Mallika O U

1. Ophthalmology cross consultations in pregnancy	Dr.Dalia S	8 - Mins
2. Ophthalmology consultations from neurologists	Dr.Mini P A	8 - Mins
3. What to look for in a patient with thyroid disease?	Dr.Sija S	8 - Mins
4. Ethambutol toxicity. All you need to know	Dr.Anna Elias	10 - Mins
5. Common mistakes in HCQ screening	Dr.Mahesh G	10 - Mins
Panel Discussion :- (11 - Mins)		

11.30 AM to 12.25 PM

Peri operative challenges during phacoemulsification cataract surgery

Dr.Sandhya N

1. Optimising ocular surface during Phacoemulsification	Dr.Anil Radhakrishnan	8 - Mins
2. Phacoemulsification in presence of orbital and ocular adnexial problems	Dr.Marian Pauly	8 - Mins
3. Challenges in Phacoemulsification after vitreo retinal surgeries	Dr.Sandhya N	8 - Mins
4. Peri operative pressure changes associated with Phacoemulsification	Dr.Manoj Prathapan	8 - Mins
5. Approach to Post operative Diplopia	Dr.Neena R	8 - Mins
6. Refractive surprise after cataract surgery	Dr.Sony George	8 - Mins
7. Strategic pearls to Phaco in Subluxations	Dr Chitra Ramamurthy	7 - Mins

Notes:

12.30 PM to 1.25 PM

Medical retina mysteries... demystified! A case based discussion

Dr.Natasha Radhakrishnan

1. CSCR- The problematic commoner!	**Dr.Suchitra M**	10 - Mins
2. RAP-The black sheep in the AMD spectrum	**Dr.Neethu Pradeep**	10 - Mins
3. CRVO in the young-Can we help them?	**Dr.Parvathy R**	10 - Mins
4. Resolving the IRVAN conundrum!	**Dr.Anju Kuriakose**	10 - Mins
5. Diabetic macular edema..not as easy as it seems!	**Dr.Natasha Radhakrishnan**	10 - Mins
Panel Discussion :- (5 - Mins)		

1.25 PM to 2 PM Lunch Break

2 PM to 2.55 PM

KJO 'RASTA' (Research Associated Skill Transfer for All): your road to publication

Dr.Lathika. V. K

Introduction- 3 Mts

1.Practice to Publication : A road map for beginners	Dr Santosh Honavar	12 mts
2. ."Is this article relevant to my practice ? "- DIY reality check	Dr.Lathika. V. K	8 - Mins
3. Literature search and Referencing: Smart ways	Dr.Smita Narayan	8 - Mins
4. Article Rejections - Reasons and Remedies	Dr.Sudha V	8 - Mins
5. .Scientific publishing from outside 'academia': Mission possible!	Dr.Rohan A	8 - Mins
Audience interaction :- (8 - Mins)		

Notes:

3 PM to 3.55 PM

Professional etiquette, ethics and medico legal aspects in ophthalmic practice

Dr.Reena Abdul Rasheed

1. Introduction	Dr.Reena Abdul Rasheed	2 - Mins
2. Legal intricacies of consent and documentation in ophthalmic surgery practice	Dr.Mahesh G	12 - Mins
3. Medico legal litigations in Ophthalmology Practice	Dr.Ashok Nataraj	12 - Mins
4. Professional Etiquette in Every day Ophthalmic Practice	Dr.Biju John C	12 - Mins
5. Art of Ethical Decision Making in complex clinical situations	Dr.Reena Abdul Rasheed	12 - Mins
Panel Discussion :- (5 - Mins)		

4 PM to 4.55 PM

Algorithmic approach to retinal disorders

Dr.Unnikrishnan Nair R

1. Algorithmic approach to diagnosing and prognosticating CSCR and Pachychoroid Spectrum	Dr.Rajesh P	10 - Mins
2. Algorithmic approach to diagnosing and prognosticating AMD	Dr.Unnikrishnan Nair R	10 - Mins
3. Algorithmic approach to manage diabetic retinopathy	Dr.Prakash V S	10 - Mins
4. Algorithmic approach to manage Retinal Vascular Occlusions	Dr.Cheriyan Shane Mathew	10 - Mins
5. Algorithmic approach to diagnosing and managing Posterior Uveitis	Dr.Natasha Radhakrishnan	10 - Mins
Panel Discussion :- (5 - Mins)		

Notes:

8.30 AM to 9.25 AM

"Beyond the curve: exploring cutting-edge approaches in keratoconus management"

Dr.Sanjana P

1. Strengthening Vision: Conventional Collagen Cross-Linking	Dr.Sanjana P	8 - Mins
2. Pushing boundaries : C3R in thin cornea	Dr. Anand Balasubramaniam	8 - Mins
3. Combining Strength and Clarity: Refractive Surgery for Keratoconus	Dr.Vinay S Pillai	8 - Mins
4. Corneal Transplantation: A Beacon of Hope for Keratoconus Patients	Dr. Sanjeev Srinivas	8 - Mins
5. Breaking New Ground: CAIRS Therapy for Keratoconus Management	Dr. Preethi Naveen	8 - Mins
6. Frontiers in Vision Correction: Modern Contact Lens Solutions for Keratoconus Patients	Dr.Aneeta Jabbar M	8 - Mins
7. IOL choice in Post LASIK/RK patients	Dr Chitra Ramamurthy	7 - Mins

9.30 AM to 10.25 AM

Nuances of phaco training

Dr.Jyothi Anup

1. Developing hand eye coordination	Dr.Nilufer Sayed Mohammed	10 - Mins
2. SICS step surgery	Dr.Preethy Prasanth	10 - Mins
3. Stepping stones to phaco	Dr.Jyothi Anup	10 - Mins
4. Entering the world of Phaco	Dr.Merine Paul	10 - Mins
Panel Discussion :- (15 - Mins)		

Notes:

10.30 AM to 11.25 AM

Roadmap to clarity- the phacoemulsification adventure for beginners

Dr.Rakhi Dcruz

1. Crafting your fellowship journey--how to choose the right phacofellowship	Dr.Ann Tresa Antony	6 - Mins
2. Maximising fellowship outcomes and what to expect from phacofellowships	Dr.Reshmi S	6 - Mins
3. Mindset mastery: Delivering bad news, staying calm through surgical complications	Dr.Rakhi Dcruz	6 - Mins
4. From Novice to Nerve of Steel: Tips to conquer Surgeon's initial challenges with grace	Dr.Aaditya Ganesh Joshi	8 - Mins
5. Seasoned Insights: Wisdom from Senior Surgeons on Navigating Patient Experiences	Dr.Amita Verghese	8 - Mins
Panel Discussion :- (21 - Mins)		

11.30 AM to 12.25 PM

Secondary IOLs -learn from the masters

Dr.Lakshmi J

1. Introduction, indications and planning of secondary IOLs	Dr.Lakshmi J	6 - Mins
2. Iris claw ----To the rescue	Dr.Saikumar S J	6 - Mins
3. Sutured SFIOLs--- Master it from the master	Dr.Poornima Sheba Abraham	6 - Mins
4. Glued SFIOLs----Shorten the learning curve	Dr.Saikumar S J	6 - Mins
5. Iris Sutured IOLs----The Doyen's tips	Dr.Jayaprasad Bhaskaran	6 - Mins
6. Newer techniques---Yamane technique and CM T-Flex IOL	Dr.Divya Balakrishnan	5 - Mins
Panel Discussion :- (20 - Mins)		

12.30 PM to 1.25 PM

Dilemmas in glaucoma

Dr.Jainy Joseph Emmatty

1. Disc dilemmas!	Dr.Jainy Joseph Emmatty	8 - Mins
2. Glaucoma in Myopia : My diagnostic ladder	Dr.Jayasree P V	9 - Mins
3. Phacoemulsification in shallow AC: Things to ponder	Dr.Anup Chirayath	9 - Mins
4. IOP is normal: Is my patient still progressing?	Dr.Smita Narayan	9 - Mins
5. My Dilemmas: Case Based discussions	Dr.Jainy Joseph Emmatty	7 - Mins
Panel Discussion :- (13 - Mins)		

1.25 PM to 2 PM Lunch Break

2 PM to 2.55 PM

An OCTA discourse

DR.MENON RAHUL RADHAKRISHNAN

Topic	Co-instructor	Duration
1. Know how of OCTA - Basics & Artefacts	Dr.Ashapurna Borgohain	8 - Mins
2. Is OCTA just a retina specialist play toy? OCTA in Glaucoma	Dr.Kiran Gopalakrishnan	8 - Mins
3. Decoding the matrix - OCTA in CNVM	Dr.Shishir Verghese	8 - Mins
4. Applications of OCTA in Diabetic eye	Dr.Jyoti Prakash Vyas	8 - Mins
5. OCTA in Polypoidal Choroidal vasculopathy (PCV) -Is ICGA essential for diagnosis of PCV?	Dr.Menon Rahul Radhakrishnan	8 - Mins
Panel Discussion :- (15 - Mins)		

3 PM to 3.55 PM

Navigating the path: insights for aspiring specialists

Dr.Divya Alex

1. Insights from a Medical Retina Specialist's Journey":	Dr.Lekha T	7 - Mins
2. Through the Incubator Glass". My Journey as an ROP Specialist:	Dr.Anubhav Goyal	8 - Mins
3. From Pixels to Precision: A young VR Surgeon's Path to Mastery	Dr.Divya Alex	7 - Mins
4. Shattered Barriers: A Woman's Path in Vitreoretinal Surgery	Dr.Divya Balakrishnan	8 - Mins
5. Beyond the Optics: Exploring New Paths after Fellowship.	Dr.Karthika A	7 - Mins
6. Visionary Choices: Your Path after Ophthalmology Residency! Choose wisely	Dr. Avinash Pathengey	15 - Mins
Panel Discussion :- (3 - Mins)		

4 PM to 4.55 PM

"Optic disc" in neuro ophthalmology – challenges in diagnosis for post graduates

Dr.Chandrasekhar D/Dr Sija S

Topic	Co-instructor	Duration
1. Introduction	Dr.Chandrasekhar D	4 - Mins
2. Optic Neuritis	Dr.Vijayaraghavan V R	12 - Mins
3. Papilloedema	Dr.Chandrasekhar D	12 - Mins
4. Optic Atrophy	Dr.Kalaimathi G S	12 - Mins
5. Anterior Ischaemic Optic Neuropathy	Dr.Saravanan Vr	10 - Mins
Panel Discussion :- (5 - Mins)		

8.30 AM to 9.25 AM

Fine art of refraction

Dr.Dalia S

1. Refining Objective Refraction	Dr.Sudha C K	12 - Mins
2. Sharpening the skills of Subjective Refraction	Dr.Rani Balamuralikrishnan	12 - Mins
3. Understanding Accomodation in Refraction	Dr.Anitha Balachandran	12 - Mins
4. Fine tuning Spectacle prescription	Dr.Dalia S	12 - Mins
Panel Discussion :- (7 - Mins)		

9.30 AM to 11.25 AM

Prof. K S Subramaniam
P G Free paper Award session- 1

6 Mins presentation, 1 Min Discussion

1. Effect Of Mydriatic (Tropicamide + Phenylephrine) On Octa Parameters In Diabetics And Controls- Dr.Jayalakshmi R
2. Clinical association of diabetic retinopathy with nephropathy and neuropathy: a hospital based cross sectional study- Dr.Surya D
3. Assessment of changes in choroidal thickness in relation to severity of diabetic retinopathy and diabetic macular edema-Dr.Musherifa N A
4. Ocular manifestations in patients with psoriasis attending a tertiary health care centre-Dr.Treeza B Joseph
5. Pattern of dry eye associated with face mask use during covid-19 by osdi score- Dr.Jaleesa O P
6. To evaluate the risk factors of retinal vein occlusion- a retrospective study- Dr.Greeshma Merin Sebastian
7. Pattern of orbital wall fractures in patients presenting with road traffic accidents in a tertiary care centre-Dr.Litty k s
8. Role Of Haematological And Clinical Biomarkers In Diabetic Retinopathy In Type 2 Diabetic Patients- Dr.Aishwarya S
9. Association between primary glaucomas and retinal vein occlusions- Dr.Anakha Murali
10. Clinical applications of ultra wide field angiography(uwfa) – a retrospective study- Dr.Sachin v suresh
11. Pachymetry changes following corneal collagen crosslinking for progressive keratoconus- Dr.Parvathy B Raj
12. Visual acuity and complications after cataract surgery in diabetic and non-diabetic patients- Dr.Sreekutty Anand
13. Oct patterns of diabetic macular edema in patients with diabetic retinopathy- Dr.Anjana Varghese
14. Primary vs secondary iol implantation in congenital cataracts: a comparative study "- Dr. Anjitha B S

15. Retinal microvasculature changes in patients with stable coronary artery disease: an optical coherence tomography angiography study- Dr.Alfia Rasheed
16. Does cataract surgery increase risk of sequential na-aion?Dr.Mahitha Narayanan
17. Visual outcome in patients at 1 year post blunt trauma treated at a teritiary care centre - Dr.Zm Fidha Rafee
18. Indication and outcome of transepithelial photorefractive keratectomy xtra - Dr.Shahna N A

11.30 1.25 PM

Dr K C SankaraMenon Free paper Award session

7 Mins presentation, 1 Min Discussion

1. Diabetic Retinopathy Awareness Among Healthcare Professional Students in Kerala - Dr.Mallika O U
2. "Eyes Wide Open: The Keratitis Spike in a recent measles outbreak in North Kerala"-Dr.Remya Edachery
3. To compare the utilisation rate of hospital and voluntary retrieved cornea in an eye bank in Kerala-Dr.Jyothi Krishnan
4. Burden of ocular abnormalities among children with disabilities in special schools of South India - Dr.Ranjini H
5. The Rise of Orbital Dirofilariasis: Insights into Its Epidemiology, Diagnosis and Management - Dr.Anna kurian mullasseril
6. Sub Macular Detachment as a biomarker of therapeutic outcomes in BRVO: A prospective cohort study- Dr.Lathika. V. K
7. Is there a ROP epidemic? Results from a decade of ROP experience at a tertiary care centre in Kerala- Dr.Natasha Radhakrishnan
8. Prospective Study of 100eyes with phakolyticglaucoma undergoing Phako with foldable IOL-3year study- Dr.Chandrakanth K S
9. Characterizing right-angle vessel to study its role in MacTel progression using multimodal imaging .- Dr.Kiran Chandran
10. Understanding strabismus and amblyopia in preterm children-types and contributing factors- Dr.Nayana G
11. From in to out-what causes consecutive exotropia? Dr.Namitha V G
12. Ocular trauma in pediatric age group:Predictive accuracy Pediatric Penetrating Ocular Trauma Score.- Dr.Neenet Jose Edassery
13. Outcomes of the surgical management of xanthelasma palpebrarum (XP)- Dr.Marian Pauly
14. Morphometric analysis of subretinal hyperreflective material in age related macular degeneration -Dr.Vineetha Vijayan

1.25 PM to 2 PM Lunch Break

Notes:

2 PM to 3.55 PM

Prof. K S Subramaniam
P G Free paper Award session- 2

6 Mins presentation, 1 Min Discussion

1. Central corneal thickness in myopic children and young adults ;a hospital based cross sectional study- Dr.Anu Joseph babu
2. Profile and determinants of macular ganglion cell- inner plexiform layer thickness in south indians- Dr.Lizbeth Tom
3. The utility of cerebral visual impairment inventory in early screening among children attending regional early intervention centre in government medical college, thrissur- Dr.Nandhini P Das
4. Observational study on the proportion of retinopathy of prematurity and its clinical course- Dr.Angitha Rose Mathew
5. Oct patterns in diabetic macular edema among patients with diabetic kidney disease- Dr.Femitha K P
6. Study of ecological factors and ocular features in children with cerebral visual impairment: a hospital based cross sectional study- Dr.Brinda Ravi
7. Changes in macular thickness following pan-retinal photocoagulation for diabetic retinopathy - Dr.Sreenidhi. P. K
8. A study on visual acuity and retinal morphological changes following retinal detachment surgeries - Dr.Vinny Joy
9. Retinal capillary macroaneurysm in diabetic macular edema–response to various treatment modalities - Dr.Apsara S
10. Prevalence and determinants of meibomian gland dysfunction:a hospital based cross sectional study - Dr.Lakshmi S Kumar
11. A comparative study of the post operative complications after small incision cataract surgery in diabetic and non diabetic patients - Dr.Sheba Susan Das
12. Choroidal thickness changes after vitrectomy and silicone oil tamponade for rhegmatogenous retinal detachment - Dr.Safna Hamsa
13. Effectiveness of gonioscopy assisted transluminal trabeculotomy in control of intraocular pressure when added on to cataract surgery in medically controlled primary open angle glaucoma - Dr.Aparna.P
14. A close watch on the progression of diabetic retinopathy –a real world data - Dr.Shwetha S Raj
15. Optical coherence tomography angiographic features of diabetic macular edema - Dr.Radhika Anilkumar
16. To compare TBUT and Meibograde in patients using long term topical antiglaucoma medications - Dr.NEHA MARIAM GEORGE
17. Knowledge,attitude and practice pattern of contact lens wear among medical students - Dr.Athira Goudaman

Notes:

4 PM to 4.55 PM

COC Retnet Posterior segment
Free paper award session

7Mins presentation,1 Min Discussion

1. Treatment response of focal laser photocoagulation in non centre involving diabetic macular edema - Dr.Mini David K
2. A comparative analysis of RPE morphological & Choroidal vascular anomalies in acute & chronic CSCR - Dr.Unnikrishnan Nair R
3. Correlating Gass and Blodi staging and SD-OCT characteristics to devise a new MacTel classification - Dr.Kiran Chandran
4. LUMI-INDENT : An Economical and Handy Scleral Indenter cum Retinal Transilluminator - Dr.Chandana Prabhakar
5. Biomarkers in early response to anti-vegf in pigment epithelial detachment eyes - Dr.Vineetha Vijayan

Notes:

8.30 AM to 9.25 AM

Practice Makes Perfect - Wet-lab Training for Postgraduates and Practicing ophthalmic surgeons

Dr.Vijayalakshmi M S

1. How to Setup a Wet-lab ?	Dr. NishaVasanth	12 Mins.
2. Suturing Practices.	Dr. NimithaNajeeb	12 Mins.
3. Mastering Lid.	Dr. V. AnjuChandran	06 Mins.
4. Practicising Special Tools i. CTR ii. Iris & Capsular Hooks iii. Iris Claw iv. Pupil Expanders – BHEX	 Dr. SugandhaSinha Dr. Seena A.C Dr. SangeethaRajagopal Dr. Husna	 04 Mins. 04 Mins. 05 Mins. 04 Mins.
5. Pupilloplasty	Dr. Vijayalakshmi	04 Mins.
Panel Discussion :- 7 Minutes		

The wet lab will follow after this course. Pre registration is mandatory
