8.00AM to 8.55 AM

Amblyopia - Practical tips for evaluation, diagnosis and management

Dr.C V Anthrayose (Andrews)

1. Amblyopia- Introduction and Classification	Dr.C V Anthrayose (Andrews)	9 - Mins
2. Anisometropia- Refactive Error Related Amblyopia.	Dr.C V Anthrayose (Andrews)	9 - Mins
3. Strabismic Amblyopia	Dr.Leila Mohan	9 - Mins
4. Stimulus Deprivation Amblyopia	Dr.Elizabeth Joseph	9 - Mins
5. New Advances in the Treatment of Amblyopia.	Dr.Sanitha Sathyan	9 - Mins
Panel Discussion :- (10 - Mins)		

9.00 AM to 9.55 AM

"EYE SPY" General Quiz for Ophthalmologists

- Dr Lathika V K

10.00 AM to 10.55 AM

What I did differently

Dr Thomas Cherian

Each talk would be for 4 minutes, followed by 3 minutes discussion

1. Dr. Elizabeth Joseph: Silicon band belting of vertical recti in L R palsy
2. Dr. D. Ramamurthy: ASOCT guided management of posterior polar cataract
3. Dr. Mahesh G: Expanding horizons in resurgery after diabetic vitrectomy
4. Dr. Sathyan P : The YAG PI- Without Pilocar!
5. Dr. Jaison V.A: Bimanual Technique for Managing the Nucleus in the Anterior Vitreous Phase
6. Dr. Marian Pauly: Differential techniques - refined results
7. Dr. Thomas Cherian: Can Opener ILM Peel.

Panel discussion: 6 minutes

11.00 AM to 11.55 AM	**Padma Shri Dr S Tony Fernandez Video awards Final**
12 Noon to 12.55 PM	T K Alexander Oration- Dr RadhaRamanan B Chairman- Dr Mahesh Gopalakrishnan Moderator- Dr Thomas Cherian

12.55 PM to 1.30PM

Lunch Break

1.30 PM 3.25 PM	**Young Ophthalmologist (YO) Special Program**

Host- Dr Rakhi D'Cruz

Get ready for an unforgettable experience at "YOLK Mollywood Game Show!"
Step into the glitz and glam of Mollywood with a twist! Join us for a high-energy showdown where our "Ophthal Superstars" lead the way through rounds of Dumb Charades, Pictionary, and a thrilling movie quiz.
Four teams will go head-to-head, bringing their acting flair and artistic skills to the stage—all while you cheer them on and compete for audience prizes!

Team 1
Team Mamookka
CAPTAIN- DR AJITH VARGHESE
Team members - Dr Devi Karthya and Dr SafnaHamza

Team 2
Team Jayan
CAPTAIN - DR RAJESH CHELLS
Team members -Dr RemyaEdachery and Dr Praveena K

Team 3
Team Manju Warrior
CAPTAIN - DR MERINE PAUL
Team members - Dr ArunLal J S, Dr Sreepriya

TEAM 4
Team Lalettan
CAPTAIN - DR SAMEERA
Team members - Dr sharikaMenon ,DR shine N S

3.30 PM 5.25 PM

Ophthalmic Premier League (OPL) "Mallu edition"

The perfect mix of entertainment and information, OPL combines science, team spirit and fun into a session that gets your grey cells glowing and the adrenaline flowing.

Host- Dr Natasha Radhakrishnan

Trivandrum Machaans

Dr. Sahasranamam- Captain
Dr. Biju John
Dr. Minu Mathen
Dr. Sishir Varghese

Kochi Bros

Dr Mahesh G- Captain
Dr Vanashree Mahesh Nair
Dr John Davis Akkara
Dr Praveen Murali

Thrissur Gadiis

Dr Andrews C V- Captain
Dr Rohan A
Dr Shaji Hussain
Dr Aswathy P

Kozhikode Chunkss

Dr SreeniEdakhlon- Captain
Dr Jaison V A
Dr Prithvi Chandrakanth
Dr Indu B Narayanan

Notes:

8.00AM to 8.55 AM

Cracking the code of non - strabismic binocular vision anomalies

Dr.Remya Edachery

1. Binocular Vision- Basics	Dr.Awungshi Philamazan	10 - Mins
2. Tests of accomodation and convergence	Dr.Remya Edachery	10 - Mins
3. Anomalies of accomodation and convergence	Dr.Monisha Mohan	10 - Mins
4. Clinical Case scenarios	Dr.Lakshmi C	10 - Mins
5. Treatment of Non strabismic binocular vision anomalies	Dr.Soumya Nambiar	10 - Mins
Panel Discussion :- (5 - Mins)		10 - Mins

9.00 AM to 9.55 AM

" Where tears meet technology" : setting up a dry eye clinic as part of our everyday practice

Dr.Divya Giridhar

1. The need for a 'Dry Eye Clinic' and role of Optometrist	Dr.Divya Giridhar	8 - Mins
2. Key diagnostic tests and what's new!	Dr.Iodine Reghunadhan	8 - Mins
3. Treatment modalities -Choosing the apt tear substitute -Newer treatment options	Dr.Maria Priyanka	8 - Mins
4. Case based discussion	Dr.Sugaranjini G	15 - Mins
Panel Discussion :- (16 - Mins)		

10.00 AM to 10.55 AM

Eyes of tomorrow- keeping pace with the advances in pediatric ophthalmology

Dr.Meena C K

1. Game changers- Unraveling molecular genetics for pediatric eye care	**Dr.Sheela Namboothiri**	15 - Mins
2. Advances in amblyopia management	**Dr.Meena Ck**	7 - Mins
3. Beyond limits- True muscle transplantation in large angle strabismus	**Dr.Elizabeth Joseph**	8 - Mins
4. Evolving perspectives- Low dose atropine and beyond	**Dr.Arunlal J S**	8 - Mins
5. Navigating Innovation- Perpheral defocus lenses in myopia- from theory to practice	**Dr.Lucy P Thaliath**	8 - Mins
Panel Discussion :- (9 - Mins)		

11.00 AM to 11.55 AM

Presbyopia correcting techniques : honest opinions

Dr.Anup Chirayath

1. Technology for multifocals: What is essential and what is not	Dr.Anup Chirayath	10 - Mins
2. Enhanced monofocals with micromonovision gives happier patients	Dr.Sreeni Edakhlon	10 - Mins
3. EDOF IOLs : the new paradigm in presbyopia correction ?	Dr.Jagadeesh Kumar Reddy K.	10 - Mins
4. Trifocals : my experience	Dr.Dr Jaison V A	10 - Mins
5. Presbyopia lens exchange(PRELEX)	Dr D Ramamurthy	7- Mins

Panel Discussion :- 8 - Mins

12.55 PM to 1.30PM
Lunch Break

1.30 PM to 2.25 PM

Mastering the myopic macula!!!

Dr.Anjana S

1. Anatomic peculiarities in myopia optic disc and peripapillary changes, myopic maculopathy	Dr.Anjana S	8 - Mins
2. Anatomic peculiarities in myopia the domes, the dips, the cavitations and the pits	Dr.Divya Mohanchandran Nair	8 - Mins
3. Identifying and tackling the myopic CNVM	Dr.Kiran K R [Ksosid1358]	8 - Mins
4. An insight into myopic traction maculopathy	Dr.Dhileesh P Chandrasekharan	8 - Mins
5. Cutting edge techniques of vitreoretinal surgery in myopic eyes	Dr.Prakash V S	12 - Mins
Panel Discussion :- (11 - Mins)		

2.30 PM to 3.25 PM

Drugs toxic to retina and optic nerve

Dr.Pappa Padmavathi

1. Drugs causing CSR	Dr.Jasmin L B	8 -Mins
2. HCQ TOXICITY	Dr.Rekha P S	8 -Mins
3. ATT and Optic nerve	Dr.Pappa Padmavathi	8 -Mins
4. Crystalline retinopathy	Dr.Greeshma M G	8 -Mins
5. How to optimise investigations to diagnose drug toxicity? Keynote address	Dr.Natasha Radhakrishnan	15 -Mins
Panel Discussion :- (8 - Mins)		

3.30 PM to 4.25 PM

Understanding ocular trauma -a daily nightmare

Dr.Sindhu N M

1. Chemical injuries	Dr.Dhanya V S	7 - Mins
2. Lid and lacrimal injuries	Dr.Marian Pauly	7 - Mins
3. Glaucoma in trauma	Dr.Deepa M G	7 - Mins
4. Corneal and scleral injuries	Dr.Sindhu N M	7 - Mins
5. Lens in trauma	Dr.Minu M Mathen	7 - Mins
6. Posterior segment manifestations in trauma and its management	Dr.Thomas Cherian	10 - Mins
Panel Discussion :- (10 - Mins)		

4.30 PM to 5.25 PM

'The war of the titans'- ASOCT VS UBM!

Dr.Jayasree P V

1. ASOCT or UBM: The Which and Why?	Dr.Jainy Joseph Emmatty	8 - Mins
2. Role of Anterior segment OCT	Dr.Sandhya Somasundaran	15 - Mins
3. Role of Ultrasound Biomicroscopy	Dr.Jayasree P V	15 - Mins
4. Lens & bleb assessment; What else?	Dr.Anjana Krishnan	8 - Mins
Panel Discussion :- (9 - Mins)		

Notes:

8.00AM to 8.55 AM

Taming the iris in cataract surgery

Dr.Sara Jacob

1. Dealing with the floppy iris	Dr.Kalaimathi G S	12 - Mins
2. Dealing with the small pupil	Dr.Sandhya N	12 - Mins
3. Dealing with intraoperative positive pressure	Dr.Mathew Kurian Kummelil	12 - Mins
4. Repair of iris defects	Dr.Sara Jacob	12 - Mins
Panel Discussion :- (7 - Mins)		

9.00 AM to 9.55 AM

Building your foundation strong – diagnostic modalities in glaucoma

Dr.Nimitha Nageeb

1. Gonioscopy – unlocking the angle and revealing glaucoma secrets	Dr.Nimitha Nageeb	8 - Mins
2. ASOCT – Peering into anterior segment	Dr.Roshna Ahamed C	8 - Mins
3. OCT – unveiling the hidden layers of sight	Dr.Revathy K V	8 - Mins
4. Visual field analysis- Exploring the depth and shaping diagnosis	Dr.Vishnu Devaraj	8 - Mins
5. Structure and function correlation in glaucoma assessment and progression	Dr.Sathyan P	15 - Mins
Panel Discussion :- (8 - Mins)		

Notes:

10.00 AM to 10.55 AM

Enhancing keratoconus management in primary and secondary care: strategies and considerations

Dr.Mallika Harikrishnan

1. Epidemiology and Diagnosis of Keratoconus-what you should not miss	Dr.Nimmy J	8 - Mins
2. Topography and Tomography interpretation - what you should know in Keratoconus	Dr.Aswathy	8 - Mins
3. Collagen Cross linking and Contact lens in KC: Our experience in Govt medical college setup	Dr.Mallika Harikrishnan	10 - Mins
4. Optimal management of Keratoconus - challenges and solutions	Dr.Aneeta Jabbar M	10 - Mins
5. Keynote address; Paradigms , Paradoxes and Controversies in contemporary management of Keratoconus	Dr.Sujith Nayanar V	13 - Mins
Panel Discussion :- (6 - Mins)		

11.00 AM to 11.55 AM

Recent advances in management of vision threatening diabetic retinopathy (vtdr)

Dr.Anubhav Goyal

1. Assessing DR with wide-field imaging	Dr.Jyoti Prakash Vyas	9 - Mins
2. OCT biomarkers in DME	Dr.Divya Alex	8 - Mins
3. Diff Anti vegf in management of DME	Dr.Ashok Nataraj	9 - Mins
4. Case based discussion on difficult PDR cases	Dr.Anubhav Goyal	9 - Mins
5. Case based scenarios from eye of an expert	Dr.Mahesh G	10 - Mins
Panel Discussion :- (10 - Mins)		

12.55 PM to 1.30PM
Lunch Break

Notes:

1.30 PM to 2.25 PM

Every head posture has a tale to tell, abnormal head posture; an ophthalmic perspective

Dr.Neena R

1. Abnormal Head Posture; Causes, Differentials, Evaluation and Measurement	Dr.Fathima Allapitchai	10 - Mins
2. Tackling Strabismic (Paralytic and Restrictive) causes of Abnormal Head Posture	Dr.Neena R	8 - Mins
3. An Approach to Pattern Strabismus causing Abnormal Head Posture	Dr.Lakshmi C	8 - Mins
4. Management of Neuro-ophthalmic causes of Abnormal Head Posture; including Nystagmus	Dr.Fathima Allapitchai	8 - Mins
5. Can Refractive errors cause Abnormal Head Posture?	Dr.Monisha Mohan	8 - Mins
6. Abnormal Head Posture due to diseases of Orbit and Adnexa	Dr.Shebin Salim	8 - Mins
Panel Discussion :- (5 - Mins)		

2.30 PM to 3.25 PM

6/6 N6 but unhappy post cataract surgery

Dr.Sony George

1. Over View on the possible causes of unhappiness despite 6/6 N6	Dr.Sony George	5 - Mins
2. Dry eye and associated OSD	Dr.Sony George	7 - Mins
3. Dysphotopsias - causes, prevention and management	Dr.Mathew Kurian Kummelil	7 - Mins
4. IOL centration issues/angle kappa/angle alpha	Dr.Minu M Mathen	7 - Mins
5. Residual Cylinder/ HOA	Dr.Vanashree Mahesh Nair	7 - Mins
6. Posterior capsule issues /capsular phimosis	Dr.Sandhya N	7 - Mins
7. Retinal Causes and management in unhappy 6/6 N6	Dr.Reshma Padmaram	7 - Mins
Panel Discussion :- (8 - Mins)		

3.30 PM to 4.25 PM

"The DRS panorama" - all about Duane's retraction syndrome

Dr.Samyukta Sadasivan K

1. Clinicopathologic outlook on CCDDs	**Dr.Mallika Harikrishnan**	10 - Mins
2. DRS-Practice essentials	**Dr.Divya Kishan**	10 - Mins
3. Variable ocular presentations and examination sequence	**Dr.Samyukta Sadasivan K**	10 - Mins
4. Key note- Tackling DRS in toto- management strategies, complications & prognosis	**Dr.Fathima Allapitchai**	20 - Mins
Panel Discussion :- (5 - Mins)		

4.30 PM to 5.25 PM

Secondary Glaucoma-Mechanism And Management

Dr.Smitha V K

1. Trauma induced glaucoma-causes & management	Dr.Meena Gopinath Menon	10 - Mins
2. Lens induced glaucoma	Dr.Manju Anup	10 - Mins
3. Drug induced glaucoma	Dr.Smitha V K	7 - Mins
4. Post-operative glaucoma	Dr.Girija K	10 - Mins
5. Uveitic glaucoma	Dr.Litta George	8 - Mins
Panel Discussion :- (10 - Mins)		

Notes:

8.00AM to 8.55 AM

MIGS(Minimally Invasive Glaucoma Surgeries) in India - why, what, when & how ?

Dr.John Davis Akkara

1. Intro to MIGS, Intraop Gonio & 3D Printed Learning	Dr.John Davis Akkara	12 - Mins
2. BANG, KDB and Tanito Hook - first steps to MIGS	Dr.Neethu Mohan	12 - Mins
3. Just GATT to do it !	Dr.Mahesh Bharathi	12 - Mins
4. iStent, iStent inject-W & MIGS Glaucoverse DryLab	Dr.Prasanna Venkatesh Ramesh	12 - Mins
Panel Discussion :- (7 - Mins)		

9.00 AM to 9.55 AM

Raising the curtain: addressing the droopy eyelids

Dr.Indu B Narayanan

1. Evaluation of ptosis	Dr.Indu B Narayanan	10 - Mins
2. Ptosis surgeries simplified	Dr.Ann J K	12 - Mins
3. Complex ptosis and their management	Dr.Ani Sreedhar	12 - Mins
4. What is new in ptosis surgery?	Dr.Marian Pauly	12 - Mins
Panel Discussion :- (9 - Mins)		

10.00 AM to 10.55 AM

Mastering the tools in cataract surgery

Dr.Seena A C

1. Hold onto the Tools - When and Where ?	**Dr.Shruti Babu P**	12 - Mins
2. Hooks - When and How ?	**Dr.Seena A C**	12 - Mins
3. Rings - When and How ? CTR ,B-HEX, Malyugin ring	**Dr.Husna K**	12 - Mins
4. Tips and Tricks for implantation of Irisclaw IOLs.	**Dr.Sangeetha Rajagopal**	12 - Mins
Panel Discussion :- (7 - Mins)		

11.00 AM to 11.55 AM

A-Z of Primary Angle Closure Disease - a quick recap

Dr.Girija K

1. Gonioscpy - Tips & Tricks	Dr.Maya T J	6 - Mins
2. Imaging Techniques in angle assessment- can they replace gonioscopy	Dr.Meena Nair	7 - Mins
3. Classification and Clinical features of Primary Angle Closure Disease	Dr.Smitha V K	7 - Mins
4. Is YAG PI indicated in all cases of Primary Angle Closure Suspects ?	Dr.Thomas Arun Vargese	7 - Mins
5. Is lens the real culprit in PACD? If so, is clear lens extraction a remedy?	Dr.Ronnie George	10 - Mins
6. Management of angle closure glaucoma and challenges faced during cataract surgery in shallow AC	Dr.Girija K	8 - Mins
Panel Discussion :- (10 - Mins)		

12.55 PM to 1.30PM
Lunch Break

1.30 PM to 2.25 PM

Tackling tricky and complex situations in phacoemulsification

Dr.Vanashree Mahesh Nair

1. Floppy iris and small pupil : sailing your way through	Dr.Vanashree Mahesh Nair	8 - Mins
2. Tackling the brown, black and white cataracts with ease	Dr. Harshul Tak	8 - Mins
3. Extreme axial lenghts : managing the long and short eyes during phaco	Dr.Sandhya N	8 - Mins
4. Pseudoexfoliation and subluxated cataracts	Dr.Minu M Mathen	8 - Mins
5. Polar cataracts and PCR	Dr.Saikumar S J	8 - Mins
6. Tackling the soft nucleus	Dr.Sony George	8 - Mins
Panel Discussion :- (7 - Mins)		

2.30 PM to 3.25 PM

Decoding diagnostic dilemmas in neonates and infants-a definitive guide for general ophthalmologists

Dr.Anitha Prabhakaran

1. Does this baby have any defective vision ? Elucidating the milestones of visual maturation	Dr.Anitha Prabhakaran	7 - Mins
2. That child referred from neonatologist as abnormal red reflex -is it congenital cataract ?	Dr.Leila Mohan	10 - Mins
3. How to diagnose congenital glaucoma and manage ,when a colleague suspects large cornea in a child ?	Dr.Thomas George T	7 - Mins
4. Precious child born preterm - how to go about ROP screening ?	Dr.Ashok Nataraj	7 - Mins
5. Should all children with infantile squint be referred for surgical correction ?	Dr.Resmi Bhaskar	7 - Mins
6. Can an infant with epiphora be managed in a general ophthalmology clinic?	Dr.Anju Suresh	7 - Mins
Panel Discussion :- (10 - Mins)		

3.30 PM to 4.25 PM

Beyond the lens: navigating cataract surgery with retinal disorders

Dr.Harshali Kamat

1. Preoperative posterior segment evaluation : Mitigating postoperative visual surprises	Dr.Harshali Kamat	10 - Mins
2. Coexisting macular disorders with Cataract: optimizing the results	Dr.Sarath Ravi	10 - Mins
3. Diabetic retinopathy and DME with cataract : Special considerations to improve visual outcome	Dr.Manoj S	10 - Mins
4. Managing retinal detachment with cataract: An integrated approach	Dr.Saravanan V R	10 - Mins
5. Intraocular Lens Selection and Surgical Techniques for Combined Cataract and Retina Surgery	Dr.Sarath Sivan N V	10 - Mins
Panel Discussion :- (5 - Mins)		

4.30 PM to 5.25 PM

CSCR : current understanding and management strategies

Dr.Jyoti Prakash Vyas

1. Multimodal imaging in CSR	Dr.Kiran Chandran	8 - Mins
2. Pharmacotherapy in CSR	Dr.Jyoti Prakash Vyas	8 - Mins
3. Treatment modalities for CSR	Dr.Kiran Chandran	8 - Mins
4. CSR and its variants	Dr.Sailesh Kumar M	8 - Mins
5. CSR and the Pachychoroid spectrum	Dr.Jyoti Prakash Vyas	8 - Mins
Panel Discussion :- (15 - Mins)		

Notes:

8.00AM to 8.55 AM

Clear vision ahead: keys to effective refraction and spectacle prescriptions

Dr.Anjana Nair S

1. Pediatric refraction	Dr.Rukzana L.R	9 - Mins
2. Refraction in special situations	Dr.Anjana Nair S	9 - Mins
3. All about spectacles	Dr.Thomas Arun Vargese	9 - Mins
4. Trouble shooting after spectacle prescription	Dr.Sanitha Sathyan	9 - Mins
5. Use of prisms in spectacles and LVA	Mrs Rosemary C Anthony	9 - Mins
Panel Discussion :- (10 - Mins)		

9.00 AM to 9.55 AM

The smart eye clinic: comprehensive eye examination on your fingertips

Dr.Prithvi Chandrakanth

1. Anterior segment,posterior segment,gonio,cobalt blue,retinoscopy and micro-organism imaging devices	Dr.Prithvi Chandrakanth	10 - Mins
2. Smartphone apps, 3d designing and printing, 3d imaging, 3d surgical device	Dr.John Davis Akkara	10 - Mins
3. Slitscope, Glowport, Retilight, Lumindent, Subretinal BBG Injected retinal hole identification	Dr.Rohan Suresh Ninan	10 - Mins
4. Metaverse of smartphone pedagogy and patient counselling tools, AI	Dr.Prasanna Venkatesh Ramesh	10 - Mins
Panel Discussion :- (15 - Mins)		

Notes:

10.00 AM to 10.55 AM

Diabetic retinopathy - isn't prevention better than cure?

Dr.Dhanya V S

1. Diabetic retinopathy-when to intervene ?	Dr.Deepa M G	7 - Mins
2. Interpretation of OCT and FFA -key points everyone should know	Dr Sudha V	10 -Mins
3. Nonsurgical treatment options in diabetic retinopathy	Dr.Dhanya V S	10 - Mins
4. When do we need our vitreo retinal surgeon to save us?	Dr.Mahesh G	10 - Mins
5. Picking them early and right-screening protocols and management of risk factors	Dr.Manju Abraham	7 - Mins
6. Role of artificial intelligence in diabetic retinopathy	Dr.Sindhu N M	5 - Mins
Panel Discussion :- (6 - Mins)		

11.00 AM to 11.55 AM

Pearls for the perfect capsulorrhexis - basics to the complex

Dr.Rosina Thomas

1. The Perfect Capsulorrhexis - Principles and Techniques	Dr.Keerthana Zacharia	12 - Mins
2. CCC Secrets to manage Complex Cataracts	Dr.Gilu George	12 - Mins
3. Handling the Hypermature Cataracts - the Whites and the Blacks	Dr.Tintu Susan Joy	12 - Mins
4. Tricks to Tame the Runaway Rhexis	Dr.Rosina Thomas	12 - Mins
Panel Discussion :- (7 - Mins)		

12.55 PM to 1.30PM
Lunch Break

Notes:

1.30 PM to 2.25 PM

Frontline tactics - "handling anterior segment emergencies"

Dr.Reshmi S

1. Corneal catastrophe- Responding to chemical eye injuries	Dr.Aysha P.A .	9 - Mins
2. Piercing peril- Managing penetrating injuries with hyphema	Dr.Irshad Edavana	9 - Mins
3. Hypopyon handling-Differentials and strategies for effective management	Dr.Reshmi S	9 - Mins
4. Orbital ordeal- Navigating management of cellulitis	Dr.Soumya Narayanan	9 - Mins
5. Rapid response- Early management of acute angle closure glaucoma	Dr.Soumya P P	9 - Mins
Panel Discussion :- (10 - Mins)		

2.30 PM to 3.25 PM

VAST - MIGS for beginners (Video Assisted Skill Transfer Course)

Dr.Bindu S Ajith

1. 1. MIGS - an overview why and in whom	Dr.Nimitha Nageeb	8 - Mins
2. Learning the art of intraoperative gonioscopy	Dr.Bindu S Ajith	12 - Mins
3. Cost effective options (BANG and KDB glide)	Dr.Sathyan P	15 - Mins
4. The fundamentals of GATT	Dr.Devendra Maheshwari	15 - Mins
Panel Discussion :- (5 - Mins)		

Notes:

3.30 PM to 4.25 PM

Management protocols in ocular emergencies

Dr.Preeta Nair

1. Manegment of emergencies in orbit and oculoplasty -	Dr.Preeta Nair	10 - Mins
2. Emergencies in neuro ophthalmology- dont burn your hands	Dr.Rejina Mohan P T	7 - Mins
3. Management of emergencies related to cornea and ocular surface-	Dr.Veena B	7 - Mins
4. Management of emergencies related to acute retinal conditions	Dr.Gemini Isac	7 - Mins
5. Management of cases with acute rise in IOP	Dr.Deepika S	7 - Mins
Panel Discussion :- (17 - Mins)		

4.30 PM to 5.25 PM

An insight into ocular trauma management

Dr.Shamsheer R P

1. Preserving curtains of eyes - Principles of lid tear repair	Dr.Nabeela T	13 - Mins
2. Mending the coats of eye - Techniques of corneoscleral wound suturing	Dr.Jyothi P T	15 - Mins
3. The bloody eye - Management pearls of traumatic hyphema	Dr.Shamsheer R P	12 - Mins
4. Look out for the hidden surprise - management of IOFB	Dr.Prakash V S	15 - Mins

Notes:

8.00AM to 9.55 AM

Prof. K S Subramaniam P G Free paper Award session- 3

6 Mins presentation, 1 Min Discussion

1. A retrospective study of incidence of ocular trauma in tertiary care teaching hospital, south kerala, india - Dr.Cinu Elsa James
2. The association between vitamin d deficiency and diabetic retinopathy in patients with type-2 diabetes mellitus - Dr.Parvathy.J
3. Measurement of central macular thickness using optical coherence tomography in patients with type 2 diabetes mellitus without clinical retinopathy and non-diabetic population - a comparative study- Dr.Athira K
4. Evaluation of GCA compared to RNFL thickness for the diagnosis of preperimetric glaucoma - Dr.Ashitha A S
5. Detection of early glaucomatous damage in pseudoexfoliation syndrome by assessment of retinal nerve fiber layer and intraocular pressure an observational cross section study - Dr.Binuja V A
6. Knowledge,attitude&practice pattern regarding medicolegal aspects among cataract surgery patients - Dr.Swaroop K S
7. Oct-A vascular changes in macula following cataract surgery - Dr.Aiswarya Savior
8. Evaluation of 250 patients with oct for screening of retinal pathology prior to cataract surgery - Dr.Parvathy S Nair
9. Knowledge, attitude&practice of postoperative care in cataract surgery patients - Dr.Saranya M S
10. Treatment outcome of intermittent divergent squint in paediatric age group - Dr.Archa S S
11. Octa as a diagnostic tool in intermediate and posterior uveitis: a clinical and imaging study - Dr.Shine N S
12. Clinical relevance of the new 24-2c HFA grid to conventional 24-2 in glaucoma practice - Dr.Nice O
13. Hyper reflective cystoid diabetic maculopathy: patient profile and treatment response - Dr.Sarika S
14. Pathogenesis of primary angle closure disease: the role of crystalline lens, an observational study - Dr.Muhsina T
15. To correlate clinical features , vision with SD-OCT changes in patients with myelinated nerve fibres - Dr.Remi Salim
16. A study on posterior segment riskfactors in closed globe injury with hyphaema patients - Dr.Yarrannagari Durga Rani
17. Effect of refractive surgery on binocular single vision and ocular alignment - Dr.Sumina jabbar

Notes:

10.00 AM to 11.55 AM

Padma Bhushan Dr P Siva Reddy Award session

7 Mins presentation, 1 Min Discussion

1. Outcomes of retropupillary iris claw lens in eyes with low corneal endothelial cell density - Dr. Mithun Thulasidas
2. Outer retinal microvascular changes in Mactel: Differentiating patterns - Dr. Unnikrishnan Nair R
3. Comparison of retinal microvasculature in amblyopic and healthy fellow eyes of children using octa - Dr.Tisha Thomas Menacherry
4. School Eye health programme- A Pan India study with sustainable Kerala model - Dr. Elizabeth Joseph
5. Outcomes of Sedeo Excimer Laser System – World's First Surface ablation In Upright Seated Position - Dr. Vandhana Sundaram
6. Polypoidal Choroidal Vasculopathy in the Young - Dr. HaindaviNarla
7. Psychosocial challenges, the unseen burden in Paediatric Uveitis- quantitative and qualita tive study - Dr. Natasha Radhakrishnan
8. A qualitative study on perspectives of stakeholders regarding preschool vision screening - Dr. Lakshmi C
9. Clinical profile and management outcomes in children with optic nerve glioma - Dr. Samvedya Veenish U O
10. Phaco-endocyclophotocoagulation versus phaco-trabeculectomy in advanced glaucoma - Dr. Kushal Goud Taduri
11. Biometric accuracy of refractive outcomes using barrett universal ii formula in holladay schema - Dr. Vijila Janardhanan
12. Utility of +1.50 D test to identify clinically significant hyperopia in school screening programmes - Dr. Monisha Mohan
13. A Comparative study of the characteristics and outcomes of WEBOF vs Non-WEBOF frac tures in children - Dr. Sruthi R S
14. Analysis of orthoptek magnocellular stimulator as a treatment modality for amblyopia and IXT - Dr. Gayatri G J

12.55 PM to 1.30PM
Lunch Break

1.30 PM to 3.25 PM

Prof. K S Subramaniam P G Free paper Award session- 4

6 Mins presentation, 1 Min Discussion

1. A comparative study of corneal endothelial cell count in diabetics & non-diabetics in a tertiary care hospital in north kerala - Dr.Chris Mathew Koshy
2. Posterior segment changes in myopia -a cross-sectional study at a tertiary care centre in north kerala- Dr.Choyimadathil Fathima Aslaha
3. Clinicoepidemiological profile and visual outcome of viral keratitis in a tertiary care centre in kerala - Dr.Rinu John
4. Efficacy of cyclosporine eye drops 0.05% versus 0.09% in dry eye disease,does strength really matter?Dr.Athira V. Pillai
5. Is pseudoexfoliation syndrome associated with vitreoretinal interface disorders?Dr.Aparna R P
6. Optic nerve toxicity in drug sensitive TB patients on daily fixed dose combination anti-TB drugs - Dr.Krishnapriya K
7. Predicting macular edema recurrence in BRVO using choroidal thickness - Dr.Arya Chandran
8. Efficacy of energy titrated collagen crosslinking with riboflavin for sub400µm keratoconic corneas - Dr.Aysha K
9. Retinal pigment epithelial changes in pachychoroid disease spectrum -Dr.Pooja Subru
10. Tear film abnormalities and ocular surface changes in newly detected hypothyroid patients in a tertiary care centre in south kerala - Dr.Cinu Elsa James
11. Therapeutic efficay of online dichoptic digital program in anisometropic and ametropic amblyopia - Dr.Shirin
12. Clinical profile of refractive errors in preterm and full term children – a comparative study - Dr.Sumayya Muhammed Ali
13. Barriers to screening for diabetic retinopathy among diabetic patients attending a tertiary care center in kerala- Dr.Ayisha Sana
14. E log- atlas: timeless reflection of pg life - Dr.Brinda. K
15. Gimbalscope :“smart trial ”smartphone assisted retinoscopy trial - Dr.Julie Antony
16. SSOCT evaluation of anterior segment in occludable angles:topical pilocarpine versus laser iridotomy - Dr.Henna Aboobaker
17. Association between severity of diabetic retinopathy and urine albumin-creatinine ratio in Type 2 DM- Dr.Lakshmi Parvathy

Notes:

3.30 PM to 5.25 PM

Dr Noel Moniz Memorial Anterior Segment Free paper Award Session

1. A rare case of corneal intrastromal epithelial cyst mimicking hypopyon in an adult - Dr.Sunitha M Kuriakose
2. Orbital dirofilariasis: Clinical profile and the role of ultrasonography in its diagnosis- Dr.Aparna K S
3. Brighter vision, straighter eyes : lasik breakthrough in accommodative esotropia - Dr.Anjitha B S
4. Astigmatism in straight and frown incision in small incision cataract surgery: A comparative study
   Dr.Sheethu JS
5. Our experience with enhanced depth of focus intraocular lenses (alcon vivty)-a single centre study
   Dr.Privila E
6. Study to compare Ocular staining score b/w patients of primary Sjogren and other autoimmune diseases- Dr.Krishna Priya S
7. The great facade in uveitis: case series from a tertiary eye care centre. - Dr.Neethu Latiff
8. Central corneal thickness using asoct versus ultrasound pachymetry-a comparative study
   Dr.Resmina K T
9. The outcomes of single step transepithelial photorefractive keratectomy - Dr.Nadhna Basheer
10. Bacteriophages - a novel approach to combat multidrug resistant corneal infections - Dr.Anil Radhakrishnan
11. Evaluation of impact of short term MSICS training programme using ICO-OSCAR - Dr.Anu Paul
12. Lasik TRANS-PRK Excimer laser v/s Microkeratome-blade assisted Excimer laser on 20eyes-1year study - Dr.Chandrakanth K S
13. Looking beyond Schirmer's test in identifying Sjogrens syndrome - Dr. Sugaranjini G
14. Punctal cautery in dry eyes-Indications and Outcomes - Dr. Asha varghese
15. Bacteriophages - a novel approach to combat multidrug resistant corneal infections - an observational study of safety and efficacy of bacteriophage cocktail against multidrug resistant Pseudomonas aeuruginosa keratitis in ex-vivo cornea models.

Wet lab
(Pre registration mandatory)
